# **Lapstacker** \*

For select power wheelchairs.

# zip.clip.go!

#### Carrying things from a wheelchair can be frustrating, limiting and risky.

Fumbling to secure a laptop, groceries or outdoor gear on your lap while using your wheelchair is not only embarrassing and slows you down, but costly if they're damaged when they hit the ground.

The LapStacker gives you an extra set of hands so you can move with confidence, independence and freedom.

Watch the video by scanning the QR code or visit adaptdefy.com/lapstacker

#### Easy to use

Conserve your precious energy - make carrying things easy.

01

Pull the straps over the objects on your lap

02

Clip the buckles together

03

Roll with confidence

My lap is small, so even when I was holding onto things I didn't have much room. Now I can stack my bags high, strap them down and still have a free hand for more shopping, or a coffee while I drive to the next store!

Mary (C6 Tetraplegia)

For a full list of case studies scan the QR code or visit adaptdefy.com/lapstacker/casestudies

The finger-friendly loops and magnetic buckles make clipping the straps together easy, even if you have reduced hand function. The straps sit neatly by your side, ready when needed.

For full installation instructions scan the QR code or visit daptdefy.com/lapstacker/installation

# Authorised New Zealand supplier for Quantum power wheelchairs

Allied Medical Limited PO Box 302250 North Harbour Auckland 0751 New Zealand

Phone 0800 31 61 81 Email: helpis@alliedmedical.co.nz

### Hi

Me and my good friend invented the LapStacker so I could easily carry things on my lap without dropping them! It's been a game changer and I hope you love it too.

Mike
